
Poisson 2D: ordered bank functions (frozen R = 512 bank, rotation from training data)
function 1
max |value| = 0.0075
function 2
max |value| = 0.0091
function 3
max |value| = 0.0091
function 4
max |value| = 0.0088
function 5
max |value| = 0.0104
function 6
max |value| = 0.0092
function 32
max |value| = 0.0120
function 128
max |value| = 0.0179
